WWW.EUROGROWTH.ORG

One of the highlights of ACG's EuroGrowth, is the opening reception featuring ACG Capital Connection. ACG Capital Connection is a 1 ½-hour networking event where all EuroGrowth delegates can visit participating equity providers and corporate strategic acquirers to learn about their operations, investment focus and portfolio companies.

Participating firms have the opportunity to showcase their company, network and discuss future partnership opportunities with all EuroGrowth delegates.

"Through networking opportunities at ACG Capital Connection, our firm sourced one of its most successful add-on acquisitions to date."

**Andrew Peix, Vice President,
Serent Capital**

For years, ACG Capital Connection has been a cornerstone of all of ACG's annual InterGrowth conferences and ACG chapter-level events, and can serve as an invaluable tool to facilitate cross-border connections and dealmaking with the international audience represented at EuroGrowth.
